

Ye old disclaimer:

The following is a list of remarks from ARC members, but is NOT a recommendation from them or from ARC.

ARC has requests for suggesting car haulers. If you have used a car hauler and would like to share your thoughts, please send us the contact information. We need the name, phone number and area of the country you used. Also, it would be good to know if you used an enclosed van or had the car shipped on an open trailer. If you would like to tell us the vehicle and approximate cost of hauling the distance (let us know the distance), we would be able to estimate what costs might be for those who ask.

I have used GT auto transport for cross country move. About \$1300 per car Pennsylvania to phoenix. Enclosed transport. They do factory deliveries from Shelby factory near Las Vegas. [\(954\) 633-2805](tel:9546332805)

Tom, I am playing softball with a guy who used to run haulers and still has contacts if anyone is interested. He lives in SCW. His name is Les Surface...[303-808-4103](tel:3038084103).

I have a guy that brought a car here from California for me. My 77 Olds. He is local here in AZ. and reasonable. His name is Jim and his number is [602 291 0570](tel:6022910570). He does not do long distance hauling. Of course through the club if he though the might get some business who knows.

I recently used Intercity Lines and I think highly of them, their service is excellent. I will use them again in Oct with the 442. I would not use Reliable as I did last year, had a few problems with them. Intercity cost me \$1589.00 from SCW to the Chicago area door to door "covered" I have about 30 of their brochures which I will bring down in Oct and give a little talk about them. If any of our guys use them tell Intercity Steve V from "**ARC**" recommended them. I spoke with Dave Wilson the president and mentioned about ARC in the Great Race and told him to look for our car as he is in MA.

I've used Gary Straight.....Straight Roads Carrier out of Windsor Co. [970-227-0237](tel:970-227-0237).  
Email: straight [roads.com](http://roads.com) .....He only uses an enclosed transport van.  
I used him twice to transport my Corvette ZR -1: from New Bern NC to Redding  
Ca....and from Redding Ca to Chicago and return back to Redding.

Not the cheapest but top notch service and care for your car.

Steve

I had a customer ship a full-size 2004 GMC Envoy long wheelbase SUV shipped from  
SCW to Central Illinois late last year and I believe he used Southern Auto Transport, Ph  
# [941-722-3326](tel:941-722-3326). The driver arrived with an open trailer unit but the vehicle arrived safe  
& sound, on time and in good shape. I believe he said it cost him around \$850.00, but  
that was a few months ago when fuel costs were lower. Hope this helps.

Here is my most recent experience:

This past April (2014) I shipped a 1972 Dodge Dart Swinger from Naperville, IL  
(Chicagoland) to Sun City West, a distance of approx. 1,800 miles.

The move was coordinated by "KING OF THE ROAD TRANSPORT" which  
is basically a dispatcher or broker for various transporters. KING OF THE  
ROAD is very good to work with and very detail-oriented relative to their  
customer's wants and needs. If anything, they were a bit more anxious to get  
my car out here than I was... 😊 I would use this company to arrange a move  
again.

The transport company with which they placed me is suspect and I would not

use them again. There WAS NO DAMAGE TO MY VEHICLE and it was delivered AHEAD of the original scheduled day and time. That is good. However, their "dispatcher/telephone contact" was rude and the driver ill-mannered and somewhat primitive. The most flagrant violation of business practice was that they demanded cash or cashier's check upon delivery. They did not contact me with instructions as to the final charge nor how the cashier's check was to be "made-out". I had left three voice messages on Thursday and Friday preceding the delivery date requesting that information. When they finally called Saturday morning, I was limited to "cash only". (I bank at the Credit Union which is closed Saturday) I came up with the cash but the driver refused to give me a receipt! All he would give me was a copy of the "Bill of Lading" that indicated the \$700 charge, but it did not indicate it was paid in cash. We exchanged words.
