

# Automotive/Restoration Club of Sun City West

A 501 (c) (3) Charity Organization

## The First of its Kind ARC Facility

In late March of 2013, the Sun City West Rec Center Board unanimously approved the go ahead for the first of its kind Restoration Center to be built on the Meeker Blvd. side of the RH Johnson Rec Center Complex.

ARC is looking for building sponsors. This is a tremendous location for any company to get their name out in front of thousands of people each day. The location is key! The RH Johnson complex is in the heart of Sun City West. Residents and tourists will pass by and through this location every day.

With the excitement of the fastest growing senior hobby (restoration), people from all over the country have been inquiring about the building's progress and others have already made the move to SCW just to be a part of this fast growing hobby. Many knowledgeable people have stated that the ARC Restoration Center will bring in not only local and nearby visitors, but people from around the state and people from around the country and Canada.

The building is the first of its kind in a senior community. No other senior community has a restoration facility. We are proud to have a facility where our knowledgeable members can use their skills and pass it on to generations to come.

In addition, the Anna's Courtyard will be a park-like setting for outdoor events and to enjoy a picnic and see the vehicles that are on display. With trees and grass along with benches it's going to be a must see attraction for kids from 5 to 105.

Would you like to be a part of this excitement and receive a tax deduction? ARC is a bona fide charity as designated by the IRS. The opportunity awaits you and is an affordable way to keep your name or your company's name in the public's eye for generations to come.

If you would like more information, please contact Herb Clark, Director of Fundraising for ARC of SCW.
